JURUSAN MANAJEMEN INFORMATIKA  
POLITEKNIK NEGERI SUBANG  
2026**

## LAPORAN AKTIVITAS MINGGUAN

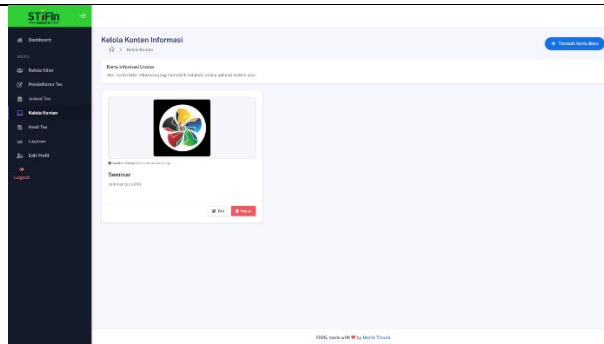

**Waktu** : 23 - 29 Mei 2026

**Objek Penelitian** : Melanjutkan implementasi dan update sistem

| Minggu Ke | Tanggal       | Kegiatan & Bukti                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Paraf Pembimbing |
|-----------|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| 13        | 23-28/05/2026 | <p>1. Menambahkan hapus dan reschedule jadwal pada klien</p>  <p>The screenshot shows a mobile application interface for test results. At the top, it says 'Detail Hasil Tes'. Below that, there's a yellow clock icon and the text 'Tes Sedang Diproses'. A message states: 'Menunggu verifikasi admin atau pengerjaan dokumen berkas sertifikat genetik Anda selesai di-upload.' Below this, there are details: 'Tanggal Pelaksanaan: 2026-05-21', 'Waktu Pemeriksaan: 21:18 WIB', and 'Status Tes: Menunggu'. There's a section 'Kelola Agenda Jadwal' with two buttons: 'Batalkan Tes' (red) and 'Reschedule' (yellow). Below that, it says 'Berkas Dokumen STIFin' and shows a document icon with the text 'Belum Ada Berkas yang Di-upload'. The bottom of the screen shows a browser address bar with 'localhost' and a mobile navigation bar.</p> |                  |

2. Menambahkan keterangan CRUD pada setiap elemen

---

### 3. Membenarkan bug bug kecil
